EE-1 DAILY REPORT, MONDAY 20 AUGUST 1951

BGFIEND

1. The Cypress team which was dropped into Albania in the Devoll River region on 22 July exfiltrated over the Greek border on 15 August due to lack of food. No details have been received except that all containers were lost on the body drop and that the team was able to receive communications from the Commo plane, although, as previously reported, the plane was unable to receive the team transmissions. It is planned to reinfiltate this group in September if the team is willing to do so. A thorough debriefing is presently underway.

2. Details have been received on the mission flown on 16 August. The covert plane did not make a drop to the Oak Tree team located east of Scutari as no reception signals were seen. However, 10 containers were dropped to the 2-man team which has been operating in the Kuk~~as~~ area since late May. Two machine guns fired at the plane from a mountain top between the two drop zones, but no damage resulted.
